FormsPro Installation

This document provides instructions to install FormsPro. For help installing, contact support@omnibyte.com. Verify you are using Windows version 10 or greater before installing.

After installing FormsPro, complete the following:

- In your Location Settings, be sure the FormsPro app is turned on to use the GPS coordinates.
- In Device Settings, you must have a webcam enabled to use the FormsPro images and barcode features.

FormsPro Installation

To install FormsPro:

- 1. Copy the MSI install package to a folder or to the desktop on your machine.
- 2. Double-click the **FormsPro** install file. The Welcome to the FormsPro Setup Wizard window opens.

3. In the Welcome to the FormsPro Setup Wizard, click **Next**. The Select Installation Folder window opens.
